Summary

Substantial knowledge and experience in both the technical and business sides of computer software development, implementation, and support.

Graduated May 2012 from BCIT with Bachelor of Technology Degree in Computer Systems with majors in Network Security Admin and Network Security Development. Achieved GPA of 86%.

Also recently completed 2+ years of Java, C++, C, Javascript, Xcode, and Objective-C.

According to the Myers-Briggs Type Indicator I am an INTJ personality type.

Currently seeking entry-level career and contract opportunities in Information Security, mobile app development or similar.

Specialties
Technical: design, development, deployment, testing and support of C, C++, Objective-C, PHP, and ProvideX apps; 2 years training in network security best practices and app development; 2 years training in Assembler Language.

Application vertical markets: Wholesale Distribution, Heavy Equipment, Job Costing, Document Management, Time and Billing, Payroll.

Consulting: IT and IS.

Experience

Managing Director
Securikai ☑
Computer & Network Security industry
August 2010 – Present (1 year 11 months) │ Vancouver, Canada Area

Currently doing research on Dead Letter Office email vulnerability, developing open source SSL/TLS proxy available at https://launchpad.net/proxyup, and developing search engine and iOS app for use by information security professionals and hackers.

President, Founder
SoftwareBoys Professional Services Inc.
January 2001 – May 2010 (9 years 5 months)

Provided management and consulting services to Internet web site developers. Assisted in design and development of largest (at the time) Internet web site devoted to IP Address information and services, with 500,000+ users per day and 80 million+ visits per month.

Independent Software Consultant

ZiE Computer Services
March 1992 – December 2009 (17 years 10 months)

Installed, trained and customized Document Management system for 3 departments at the largest electric utility in BC. These systems were eventually replaced by a new corporate-standard and corporate-mandated FileNet installation.

Installed, trained and customized an integrated Wholesale Distribution system for largest Commercial Fishing fleet supplier in BC, along with cost-effective upgrades for Y2K and HST.

Senior Programmer/Technical Support Rep.
Explorer Software Group ⎘
Privately Held; 51-200 employees; Computer Software industry
September 1999 – January 2008 (8 years 5 months)

Senior Programmer and Technical Support Rep. and the company's primary software resource for Inventory, Sales Orders, Purchase Orders, Work Orders, Service Manager, Highway Bridge Maintenance, Accounts Receivable, Flight Ticketing, Alberta Infrastructure, Utility Billing, and Garage application verticals.

Provided technical support services, custom programming and maintenance programming to Explorer Software's customers throughout Canada, United States, and around the world. Worked on a daily basis for over 8 years with MS SQL Server, Providex Business Basic, and Nomads.

Founder/President
Jump Software Ltd.
January 1987 – February 1992 (5 years 2 months)

Value-Added Reseller of computer networking products and services, primarily to the SMB Manufacturing and Wholesale/Distribution market. I founded and ran the company as it's President.

IT Consultant
Woods Gordon (now Ernst and Young)
September 1984 – January 1987 (2 years 5 months)

Started in the "microcomputer" market (now known as the PC market) as an Information Technology Management Consultant. Woods Gordon was the Management Consulting arm of the Clarkson Gordon Certified Accounting firm, both of which later became Ernst and Young in Canada.

Programmer/Analyst
Vancouver Systems Services Inc.
February 1982 – March 1984 (2 years 2 months)

Programming, Analysis and middle-management functions in this small software company that was specializing in the SMB Construction market on the MAI/Basic Four "mini-computer" platform.

Technical Sales Support
Datatech Systems Ltd.
January 1980 – June 1981 (1 year 6 months)

Worked in a Technical Support role with the Sales Department in this mostly hardware sales organization. Enjoyed the many challenges, but left for personal reasons.

Programmer/Analyst
Finning Tractor Ltd.
June 1978 – January 1980 (1 year 8 months)

Was hired first in my graduating class by this top-rated employer with leading-edge IT department. Found relatively quickly that my ambitions exceeded the short term opportunities here.

Skills & Expertise

| C++ | Objective-C | Network Security | C | Software Development | Intrusion Detection | Mobile Applications | Xcode |
| Linux | Mac OS X | Windows | TCP/UDP | OpenSSL | Tor | Email Encryption | PHP | JavaScript | Security |
